Seeking a software developer position with a company that fosters growth and development.

Experience

Let's Rally, Las Vegas, NV
Front End Developer

December 2015 – August 2016

- Developed www.entitywagering.com and www.workinprogress.lv
- Used HTML, SASS/CSS, JavaScript, AngularJS, Node.js, Express and Wordpress.
- Created responsive/cross-device websites
- Used git through command line for version control
- Created Wordpress theme from scratch using PHP, HTML5, SASS/CSS, JavaScript and Advanced Custom Fields.

Remark Media, Las Vegas, NV
Junior Developer

June 2014 – December 2015

- Wrote a rails program that generates spreadsheets of sales report data and Google Analytics data for www.bikini.com using Amazon, Shopify, Square and Google Analytics APIs.
- Developed the website www.slaptv.com using Drupal.
- Customized drupal theme using PHP, HTML, SASS/CSS and JavaScript

Dev Bootcamp, San Francisco, CA

February 2014 - May 2014

Dev Bootcamp is an intensive programming accelerator for training full stack web developers with an emphasis on JavaScript and Ruby on Rails

- Dedicated over 1,000 hours to coding challenges, group projects, and self-guided learning. More than half of this time was spent in pair programming sessions
- Created and deployed web applications using Ruby on Rails, JavaScript, HTML5/CSS3, jQuery, AJAX, ActiveRecord and Sinatra
- Carried out best practices using Object Oriented Design (OO), Model View Controller (MVC) and RESTful patterns
